ABOUT THE PROJECT

Convenience was the key word on this project. Customers have such options available as pay-at-the-pump; Burger King® fast food drive-thru service; in-store bakery and beverage self service; and public restrooms easily accessible in the commons area.

PROJECT FEATURES

- Full size Burger King® Restaurant features an aquarium mural painted by a local artist.
- Located at a busy intersection, the site offers three points of entry.
- Spacious public restrooms are finished extensively with low maintenance ceramic tile.
- Updated design with new Texaco® imaging and a refreshing new Burger King® color scheme.
- Site is fully concrete paved with ample parking.

PROJECT SPECIFICATIONS

- Building utilizes a brick veneer and conventional wood frame construction
- 1,955 square foot convenience center
- 3,749 square foot Burger King®
- 495 square foot commons area
